

Enhanced Clinical Skills Course Timetable

Day 1: Fundamentals of the medical consultation and cardio-respiratory hx taking

Time	Session
9:30 – 10:00	Introductions Contextualising the course
10:00-11:00	The medical consultation
11:00 – 11:15	Break
11:15-12:00	Clinical bias and decision making
12:15-12:45	Lunch
12:45-13:45	Taking a cardio respiratory history the cardinal symptoms
13:45-15:30	Simulations x2 rotations
15:30-16:00	Summary and close

Day 2: Examination of the cardio respiratory system

Time	Session
9:30- 10:30	Applied cardiovascular anatomy and physiology
10:30-11:30	Applied respiratory anatomy and physiology
11:30-11:45	Break
11:45-12:30	Focused examination of the cardiorespiratory system
12:30-13:15	Lunch
13:15-13:30	Demonstration of Cardio Respiratory examination
13:30-15:15	Examination of the cardio respiratory examination system (2x simulations)
15:15 -15:30	Break
15:30-16:30	Case Base Discussion
16:30-16:45	Summary and close

Day 3 - Gastrointestinal history taking

Time	Session
9:30- 10:30	Contextualizing red flag in clinical decision making
10:30 -11:30	Applied gastrointestinal anatomy and physiology
1130-10:45	Break
10:45-12:30	Taking a gastrointestinal history the cardinal symptoms
12:30-13:00	Lunch
13:30-15:00	Simulations (2x simulations)
15:00-15:30	Summary and close

Day 4 - Examination of the gastrointestinal system

Time	Session
9:30- 10:30	Patient referral/escalation
10:30-11:30	Documentation
11:1-11:45	Break
11:45-12:30	Examining the gastrointestinal system
12:30-13:00	Lunch
13:00-13:30	Demonstration of the examination of Gastrointestinal exam
13:30-15:15	Simulations (2x simulations)
15:15-15:30	Break
15:30-16:30	Case based Discussion
16:30-16:45	Summary, evaluation and close
